Join us for a guided tour of this equine aftercare facility which houses many beautiful and famous retired thoroughbreds whose racing and breeding careers have come to an end. These celebrated horses and the facilities are all available for photographing. This is a guided tour and we should have at least an hour and a half to capture images.

There is an admission fee which is \$5.00 per person if we have 20 or more signed up. If not, the fee will be \$10 per person.

The facility has a golf cart available that can accommodate 5 people if you need assistance getting around.

This art museum is currently exhibiting a show titled “History of Photography”. The show consists of over 50 works on loan from Paul Paletti’s gallery. Some of these images have never been shown in Paul’s gallery and offer a unique look at photography through the ages. We hope to have Paul on hand to answer questions. There are also opportunities to photograph the grounds at the museum that include a formal rose garden and other attractions.
