Dan was a member of the Courier-Journal's Pulitzer Prize winning photography staff from 1976 until 1982. While still in high school, he made history at age 16 when he was part of a two-person team that finished as runner-up to the New York Times for the Pulitzer Prize for Public Service. The work was done for the Athens Messenger, his hometown rural Ohio newspaper with a total circulation of less than 12,000 readers.

He served two internships at National Geographic Society; his first began at age 19. And went on to work professionally for the publication for an additional eight

years, traveling the world extensively and shooting a variety of assignments as a contract photographer.

He is the sole author of over 23 coffee table books and cookbooks. Prior to joining Power Creative, he worked for over 20 years in all phases of corporate and advertising photography with Fortune 500 companies and advertising agencies, producing work for advertisements, annual reports, web sites and brochures. In addition, Dan was under contract for eight years as a member of the creative team for the University of Chicago Department of Alumni Relations and Development working on Design, Advertising, Magazine Publication and Photography projects.

Dan has lectured and mentored students at dozens of colleges and universities around the country for the past 30 years, and was an adjunct professor at two of those institutions, The Center for Photographic Studies, and Bellarmine University.

He has long been an official photographer for Churchill Downs, Inc.'s Kentucky Derby coverage and is the Director of Photography for the Breeders' Cup Ltd., in addition he is the Chief Photographer for Food & Dining Magazine and has photographed every cover and feature story in the magazine's 10 year history.

Dan's work is included in dozens of private and public collections including the George Eastman House International Museum of Photography and Film and the Corcoran Gallery of Art.

Dan and his wife of 24 years, Margaret Johnson Dry have two daughters who both are currently away at College.

Please join us on June 12th at Outdoor Photo Gear for this wonderful presentation by Dan Dry.

LPS Moves to Outdoor Photo Gear!

After several years of meeting at the Episcopal Church Home, the LPS Board of Directors voted to change our permanent meeting location to Outdoor Photo Gear's headquarters and retail store. As a result, **our June 12th LPS meeting** will be at Outdoor Photo Gear's NEW store location at 13305 Magisterial Drive, off the Old Henry Rd exit off the Gene Snyder.

[Here is the link to the Outdoor Photo Gear location.](#)

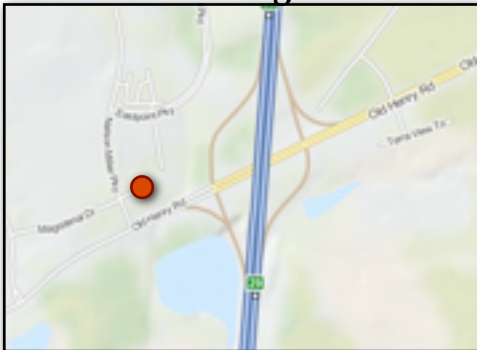

They have ample meeting and parking space for LPS meetings as the retail store is closed when we meet. They have their own projection system and space for our exhibit display as well. We will meet at our usual starting time of 7:30, but come early as usual to enter and hang your entries.

Outdoor Photo Gear (OPG) is a retailer for outdoor photographic equipment beyond cameras. OPG has been a good sponsor, like all our sponsors, and we want to support them as much as we can. Chris and his staff have done a great job in accommodating our meeting needs. We think this is a great move for LPS!

We hope you can join us on June 12th at OPG!

New LPS Meeting Location

Outdoor Photo Gear is located off the Old Henry Exit off the Gene Snyder Expway.

Improved Projection System

T.Y. Huang made a presentation on the new screen wall during the May monthly meeting. The new projector and screen wall provides better clarity and color quality than our previous projection system.

Congratulations to the May Winners!
