OCTOBER GUEST SPEAKER—

GREG MILLER

LPS member Greg Miller will be presenting on the use of Artificial Intelligence and recent advancements that apply to photography. Greg works as a programmer, and has been studying AI as a hobby for over 20 years. There has been an enormous explosion of techniques in the past 4 years that have permitted realistic manipulation of photos which had never been imagined before. He will be presenting a sampling of many of the methods, how they work, and how you can use them.
